Cheaper Rick Doble, Tom Philbin, 2009-03-24 In today's uncertain economy, if using a little buying savvy can get you small- or even big-ticket items at a cheaper price, can you afford not to do it? Now, with this handy, accessible guide, Rick Doble—a veritable king of haggling—and consumer expert Tom Philbin share the secrets to paying less on a variety of products and services, from cars, cellphones, and food to home improvement and banking. Through anecdotes and lively vignettes, Cheaper offers industry insider tips that will give you the edge before you even open your wallet. • Save up to 14 percent a year on gas by doing one easy thing. • Save \$1,000 and more at your local supermarket just by knowing where to look. • Don't assume you can't get a discount on something. Always ask. • Remember: The imperfect find can lead to the perfect deal. • Complain the right way and get exactly what you want. Save money on just about everything—candy, computers, funerals, furniture, travel—and discover little-known insider secrets and tricks of the trade. So stop paying too much, and make the most of your money!

Kiplinger's Personal Finance, 2002-01 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

Auto Accident Personal Injury Insurance Claim Dan Baldyga, 2002-03-31 Auto Accident Personal Injury Insurance Claim reveals the inside secrets of claim negotiating and shows you how to settle your case for top dollar. This book will guide you through the insurance claim wilderness and provide you with the answer to that critical question: How much is my pain and suffering worth? The mystery of how to place a value on your pain and suffering has been solved with the introduction of BASE: The Baldyga Auto Accident Settlement Evaluation Formula. It will help you to prove your losses, and to know how to present them during your negotiations. You'll learn the all-important 4 Values that BASE provides for you: The PREMIUM Value, The MEAN Value, The CORE Value and The LOW Value. The BASE Formula is a simple, yet revolutionary evaluation tool. Knowing how to guide an accident claim to a victorious payoff is not an exclusive ability, possessed by a select few. Don't be seduced into thinking you can't do it yourself. That simply isn't true! This book will show you how. If you've been in an accident and you're uninformed, you have little or no concept of the ultimate value of your possible recovery. Because of this, you're less able to make appropriate demands. As the claims negotiation process moves towards a close, your settlement demands are very often too low or too high. You're ignorant of the accepted principles, which justify your demands. When you attempt to negotiate a settlement with these handicaps, you run a strong chance of being victimized. The amount of compensation you should be paid isn't found in a crystal ball. Rather, a number of simple factors such as the type of accident, related injuries, out-of-pocket expenses, medical costs and lost wages all go into determining how much a claim is worth. What amount an insurance company is willing to pay actually falls into a fairly narrow spectrum. To read this book is to become informed on bodily injury claim settlement facts and details. You'll discover how to implement BASE so you can determine the monetary value of the pain and suffering you've endured because of your injury. You'll know what to ask for and how to negotiate it. You'll learn how to supply the adjuster with all the documentation and proof needed to establish your claim. You'll gain the knowledge needed to accomplish this when you read Auto Accident Personal Injury Insurance Claim. And you'll walk away from the negotiation table with a smile on your face.

Insurance for Dummies Jack Hungelmann, 2009-05-04 Now updated your guide to getting the best insurance policy Are you intimidated by insurance? Medical Insurance Made Easy Jill L. Brown,2005-12-01 This combination textbook and workbook, explains each phase of the medical claim cycle, from the time the patient calls for an appointment until the financial transaction for the encounter is

completed. Coverage includes types of insurance payers, basic coding and billing rules, and standard requirements for outpatient billing using the CMS-1500 claim form. It also emphasizes legal aspects related to each level of the medical claim cycle and the importance of the medical office employee, showing their responsibility for and impact on successful reimbursement. 3 separate chapters offer coverage of the basic concepts of medical coding. A comprehensive overview of the CMS-1500 claim form with step-by-step guidelines and illustrations thoroughly covers reimbursement issues and explains the billing process. Includes detailed information on various insurance payers and plans including Medicare, government medical plans, disability plans, private indemnity plans, and managed care. Stop & Review sections illustrate how the concepts presented in each chapter relate to real-life billing situations. Sidebars and Examples highlight key concepts and information related to the core text lesson. A companion CD-ROM contains sample patient and insurance information that readers can use to practice completing the accompanying CMS-1500 claim form, as well as a demonstration of Altapoint practice management software. Features completely updated information that reflects the many changes in the insurance industry. Contains a new chapter on UB-92 insurance billing for hospitals and outpatient facilities. Includes a new appendix, Quick Guide to HIPAA for the Physician's Office, to provide a basic overview of the important HIPAA-related information necessary on the job.
